Online viewing of events:

Currently MHHS is in the process of having Pixelott video systems installed in both the high school gym and at Tiger Field. Once the systems are up and running information will be sent out on black board and on Facebook about viewing options and prices. This information will also be posted on your web page. Currently we do not have internet connections for soccer, swim, or cross country. We will be broadcasting football, volleyball, basketball, and wrestling once the system goes live.

Away games procedures:

When we travel to other schools, we will be expected to follow the rules and regulations that that school has in place at their site. We will be making this information available to you either through our website, blackboard, Facebook or through your child at practice. Keep a look out for future information.

Transportation to and from away games:

Any parent that would like to transport their child to and from games is welcome to do so. Please note your child is not allowed to drive themselves, they must ride with their own parent or guardian. However, a waiver must be completed before the event in question occurs. If you would like to transport your child please email the high school AD, John Clark @ clark_jf@mtnhomesd.org.
